

To Whom It May Concern,

I am pleased to offer my strong recommendation for Melissa Dinwiddie, whom we recently had the privilege of hosting for our HR professional group.

Melissa delivered an exceptional experience that resonated deeply with our audience. She has a remarkable ability to translate complex concepts into clear, practical insights that HR professionals can immediately apply in their work while using AI functions but also keeping the “people” feeling. Her depth of knowledge was evident throughout, yet she presented it in a way that was both accessible and engaging.

What truly set her apart was her creative approach and dynamic presence. She brought a refreshing level of energy into the room, skillfully blending meaningful content with interactive elements and moments of genuine fun. This not only kept participants engaged but also created an environment where learning felt natural and enjoyable.

Her ability to connect with the audience, provide clarity, and inspire new ways of thinking made a lasting impression on our group. Attendees walked away not only better informed, but also energized and motivated.

I highly recommend Melissa to any organization seeking a speaker who can deliver impactful knowledge, foster engagement, and create a memorable experience.

Please feel free to contact me if you would like any additional information.

Sincerely,

Jermanii Robinson
